On the 29<sup>th</sup> March, the Pan Lancashire Anti-Slavery Partnership held a Modern Slavery Event for businesses. The event was attended by over 70 different businesses from a range of different professions and provided businesses with the opportunity to understand Modern Slavery and how to spot the signs of Modern Slavery. The event included presentations from the Gangmasters and Labour Abuse Authority, the Modern Slavery Helpline and Libre Solutions.

### TABLE TOP EXERCISE

**On the 15 February we held a multi agency table top exercise looking at the complex challenges when tackling modern slavery. The day was attended by around 100 people from a host of differing agencies. The day was brilliantly facilitated by Sir Peter Fahy with me acting as his unglamorous assistant!!**

The ideas and thoughts from the day were captured and now form a key part of our planning moving forward.

Operation Aident  
Homeless and Rough sleeping  
community

Week commencing 28<sup>th</sup> Jan 2019

As part of National Crime Agency initiative, we supported a week of activity across the towns and cities of Lancashire. The idea was to engage with the Homeless and Rough Sleeping community to highlight the very real risk they face of being exploited and drawn into the world of modern slavery.

A multi agency team spent time with outreach workers in addition to talking with many homeless and rough sleepers raising awareness and offering advice and support where possible.

The concert was really well attended and raised almost £1,000. This fantastic sum was added to and a donation of £1,500 was given to City Hearts to support their amazing work with victims of Modern Slavery and Human Trafficking. Well done and thanks to The Friendship Foundation.
